

World-Class Opportunities...

Can you lead by example and work independently in the fast-paced, competitive world of financial markets? Can you deliver world-class solutions in a team? Are you hungry and self-motivated to prove your skills? If yes, then read on ...

We are a niche consulting firm, specialising in the implementation of trading and risk management platforms for leading global investment banks. Our employees are leaders coming from world-class organisations, having exceptional talent. Careers at Asymilate move fast with high responsibility and demanding roles. Growth comes by working with experienced people, mentorship and training. If you are graduating in finance, engineering or computer science at the end of 2008, and want to be part of our rapidly expanding company with global opportunities, why not contact us?

Submit your applications with covering letter to:
